

Function to compare the time

Code:

```
var d= new Date();  
var utc=d.getTime()+(d.getTimezoneOffset()*60000);  
var offset=5.5;  
newDate=new Date(utc+(3600000*offset));  
var n=newDate.toISOString()  
var date=n.slice(0,10)  
var time=n.slice(11,16)  
global.set('time',time)  
return msg;
```
