

Assignment -1
Python Programming

Assignment Date	19 September 2022
Student Name	DINESH T
Student Roll Number	311019106019
Maximum Marks	2 Marks

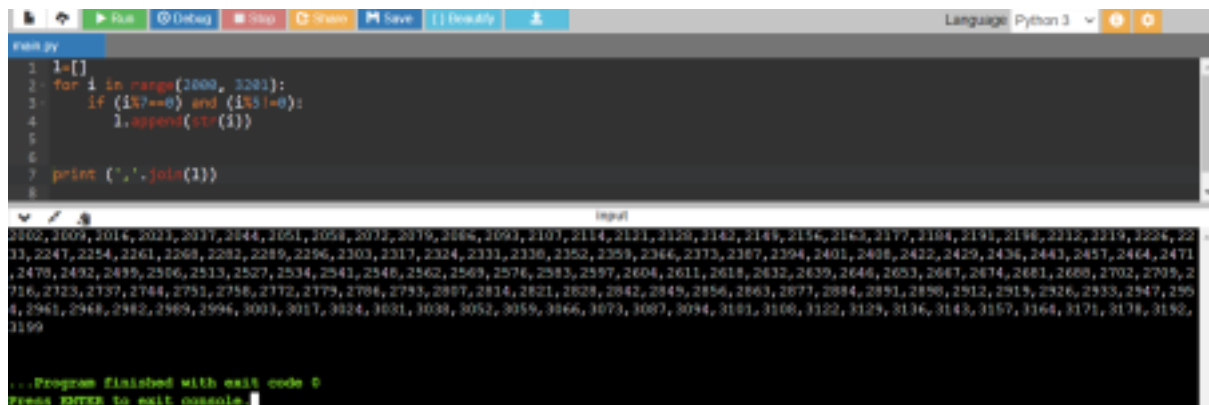

Question-1:

Write a program which will find all such numbers which are divisible by 7 but are not a multiple of 5, between 2000 and 3200 (both included). The numbers obtained should be printed in a comma separated sequence on a single line.

Solution:

```
l=[]
for i in range(2000, 3201):
    if (i%7==0) and (i%5!=0):
        l.append(str(i))

print(','.join(l))
#-----#
#-----#
```

The screenshot shows a Python IDE window titled 'venv.py'. The code editor contains the following Python code:

```
1 l=[]
2 for i in range(2000, 3201):
3     if (i%7==0) and (i%5!=0):
4         l.append(str(i))
5
6
7 print(','.join(l))
8
```

The output window below the code editor displays a long list of numbers that are divisible by 7 but not by 5, ranging from 2002 to 3199. The numbers are separated by commas. At the bottom of the output window, it says "...Program finished with exit code 0" and "Press ENTER to exit console".

Question-2:

With a given integral number n , write a program to generate a dictionary that contains $(i, i*i)$ such that i is an integral number between 1 and n (both included). and then the program should print the dictionary.

Suppose the following input is supplied to the program:

8

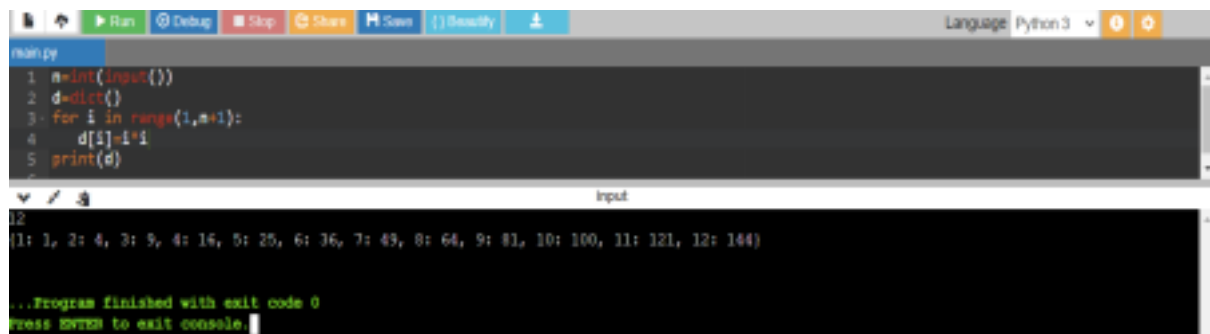

Then, the output should be:

{1: 1, 2: 4, 3: 9, 4: 16, 5: 25, 6: 36, 7: 49, 8: 64}

Solution:

```
n=int(input())
d=dict()
for i in range(1,n+1):
    d[i]=i*i

print d
#-----#
#-----#
```

The screenshot shows a Python IDE with a toolbar at the top containing buttons for Run, Debug, Stop, Share, View, and Beautify. The language is set to Python 3. The code editor displays the following code:

```
1 n=int(input())
2 d=dict()
3 for i in range(1,n+1):
4     d[i]=i*i
5 print(d)
```

Below the code editor, the input and output are shown. The input is 12, and the output is {1: 1, 2: 4, 3: 9, 4: 16, 5: 25, 6: 36, 7: 49, 8: 64, 9: 81, 10: 100, 11: 121, 12: 144}. The program finished with exit code 0, and the user is prompted to press ENTER to exit the console.
